About me

A dedicated and motivated BCA student with a strong foundation in programming, data structures, and software development. Passionate about learning new technologies and applying knowledge through academic projects and personal practice. Seeking an opportunity to contribute to real-world projects while continuing to grow as a developer.

Soft skills

- Teamwork & Collaboration
- Time Management
- Adaptability & Flexibility
- Leadership
- Work Ethic
- Interpersonal skills

Technical Skills

- IDEs: Visual Studio Code
- Version Control: Git
- Operating Systems: Windows, Linux (basic)

Projects(Work In Progress)

1. Personal Portfolio Website
- Building a personal website using HTML and CSS to showcase resume, skills, and future projects
- Hosting it on GitHub Pages

2. Student Record Management System (Console App)
- Developed using C++, implements basic file handling to store and retrieve student records
- Practicing object-oriented programming and modular code

3. To-Do List Web App (Planned)
- Interactive to-do list using HTML, CSS, and JavaScript (planned as a learning project)
- Will include features like task filtering, date-based sorting, and local storage
